

Bookstore Authorization

Problem

How do I complete a bookstore authorization?

Solution

Book deferments are provided by the Financial Aid Office. You are eligible for one if your financial aid package is greater than your balance for the semester.

This excess money can be used in the Follett Bookstore on Broadway for your books and other educational materials. If you are eligible to receive a book deferment, it will show on the left-hand side of your term bill invoice ([How-to view Term Bill Invoice](#)), under your name and address. You will also receive an email to your PCCC Student Email Account ([How-to access your Student Email Account](#)) when the funds are available.
